Dear Sir:

Supplementing the IDS previously filed, and in accordance with the requirements of 37 CFR §§ 1.56 and MPEP 609, the Applicant, through its attorneys and representatives, hereby brings to the attention of the Examiner the two documents noted on the attached Form PTO-1449, a copy of which are enclosed. English translations are thus provided in view of their citation in an Action in the Japanese application corresponding to this application, a copy of which is provided, although no English language translation of the Action is readily available. This submission is timely in that it is made prior to a first action on the merits.

The relevance of these documents can be seen from their citation in the Japanese Action and from the English translation, as well as is indicated in the ISR provided at filing.

This will also certify that each item of information as cited in this information disclosure in the form of the Japanese language references was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement, as noted above.

Please take these translations of these documents into account in the initial action in this application and make their consideration of record together with the background information in the application as filed and in the IDS previously presented.
